

SECTION III SPECIFICATIONS

The City of Allen is soliciting bids for in accordance with the specifications provided herein. This Contract, if awarded, shall be performed on an as needed basis, with an estimated annual expenditure of \$60,000.

DURATION OF AGREEMENT

The contract period shall commence upon execution of the contract and continue for a period of one year. The City reserves the right to extend the contract period for two (2) additional one year periods, with said options to be exercised solely at the City's discretion.

Any adjustment in pricing must be presented to the City at least 90 days before the expiration of the current agreement and may be considered only at the anniversary dates.

Notice of renewal will be given to the Contractor in writing by the City of Allen, normally within 30 days prior to the expiration date of the current contract.

PRICE DECLINE

Should there be a decline in the market price of the commodities provided during this agreement, then the City shall have the benefit of such decline.

Whenever a bid requests prices to be firm for the period of performance, the quantities or usage's shown are estimated only with no guarantee made by the City that these quantities shall be purchased. The quantities shown are for bidder's information only, and the City shall be bound only for actual quantities ordered.

GENERAL

These specifications are designed to create guidelines for selection. All bids meeting the intent of the specifications will be considered for award. Vendors taking exception to the specifications, or offering substitutions, shall state these exceptions in the section provided or by attachment as part of the bid. The absence of exceptions and/or substitutions shall indicate that the vendor has not taken any exceptions to the specifications and shall hold the vendor responsible to perform in strict accordance with the specifications. The City of Allen reserves the right to accept any and/or all or none of the exception(s) and/or substitution(s) deemed to be in the best interest of the City.

Unless otherwise specified, any reference to make, manufacturer and/or model used in the bid specifications is merely descriptive and not restrictive, and is used only to indicate type, style or quality of material desired. If a vendor bids on an article other than the one specified, which he considers comparable, the name and grade of said article must be specified in the bid and sufficient specifications and descriptive data must accompany same to permit thorough evaluation.

Quantities indicated in the bid submittal are estimates and are not a commitment to purchase. The City reserves the right to increase or decrease the quantities by any amount deemed necessary to meet its needs without any adjustments in the bid price. The City of Allen will pay for actual quantities ordered by an authorized agent of the City.

Delivery time is an important consideration in the evaluation of the lowest responsible bidder. The number of hours for delivery of **stocked items** shall be no more than 24 hours after receipt of order and the maximum number of days acceptable for delivery of **non-stocked items shall be 14 days A.R.O.** Late delivery constitutes a breach of contract and may be considered ground for termination.

Each bidder shall state the percentage of total items listed in the specifications that are maintained as stocked inventory. Stocked inventories maintained by the bidder are an important consideration in the evaluation of the lowest responsible bid. The percentage stated shall be a daily average estimate. Contractor's history of meeting delivery requirements will be a consideration of award.

All invoices shall reference the purchase order number. Itemized invoices shall reference the bid item number or the City Stock number for each item invoiced. **If an item purchased and itemized on the invoice does not correspond to an item in any of the categories awarded to the vendor, invoice shall reference the item as “N/C” to indicate that it is a non-contract item.** This requirement is to assist the City in verifying contract pricing on all invoices.

ADDITIONAL REQUIREMENTS:

1. All brass parts shall be Ford brand or approved equal.
 2. Fire Hydrants shall be American Flow/Waterous brand or approved equal.
 3. Bronze tapping saddles shall be double band (202 B).
 4. Poly Pipe shall be Enduro Pure brand or approved equal.
 5. M.J. valves shall be American Flow/Waterous brand or approved equal.
 6. Mega lugs shall be E.B.B.A. brand or approved equal.
 7. Full circle pipe repair clamp shall be Ford brand or approved equal.
- **Acceptable brands for repair clamps, tapping sleeves and service saddles are Ford or Smith Blair.**
