#### *Section 91.220*

#### **Executive Summary - 91.220(b)**

The Action Plan describes how funds received from the Community Development Block Grant program will be utilized for the 2016 – 2017 program year. It is intended to describe both the proposed programs and how many residents are likely to benefit from them. Projects correspond to priority needs identified in the 2014 – 2019 Consolidated Plan.

#### Objectives and Outcomes

As a result of implementation of this plan:

1. Ten (10) households will have sustained affordable housing through a home repair program for the purpose of providing decent affordable housing.
2. Two hundred and five (205) persons will have sustained affordable housing through rent and utility assistance for the purpose of providing decent affordable housing.
3. Twenty-two (22) individuals will have access to housing information for the purpose of sustainable affordable housing.

#### Evaluation of Past Performance

The 2016-2017 program year will be the eleventh year for the City of Allen as a participant in the CDBG program. Previous activities implemented have generally met the goals established in the Consolidated Plan. Overall the activities have been very successful and in some cases have exceeded expectations. Funds are being spent in a timely manner with most funds being spent prior to the end of each program year.

#### Citizen Participation

Public input was sought through public hearings in accordance with the Citizen Participation Plan. The draft Action Plan was advertised in the local newspaper and made available on the City's web site with a 30-day public comment period beginning June 23, 2016. A public hearing with the City Council was held on July 26, 2016. The 2016 – 2017 Annual Action Plan was approved for submission to the U. S. Department of Housing and Urban Development by the City Council on July 26, 2016.

#### **Resources – 91.220(c)**

The City expects to receive \$323,663 through the CDBG Entitlement program. No program income is expected to be received during this program year. It is anticipated that \$100,000 in unspent funds will be available from the 2015-16 program year. The City expects to use the unspent funds for 2016-2017 owner-occupied housing rehabilitation projects.

In addition to CDBG funds, the City will provide funding to public service agencies.

**Geographic Distribution – 91.220(f)**

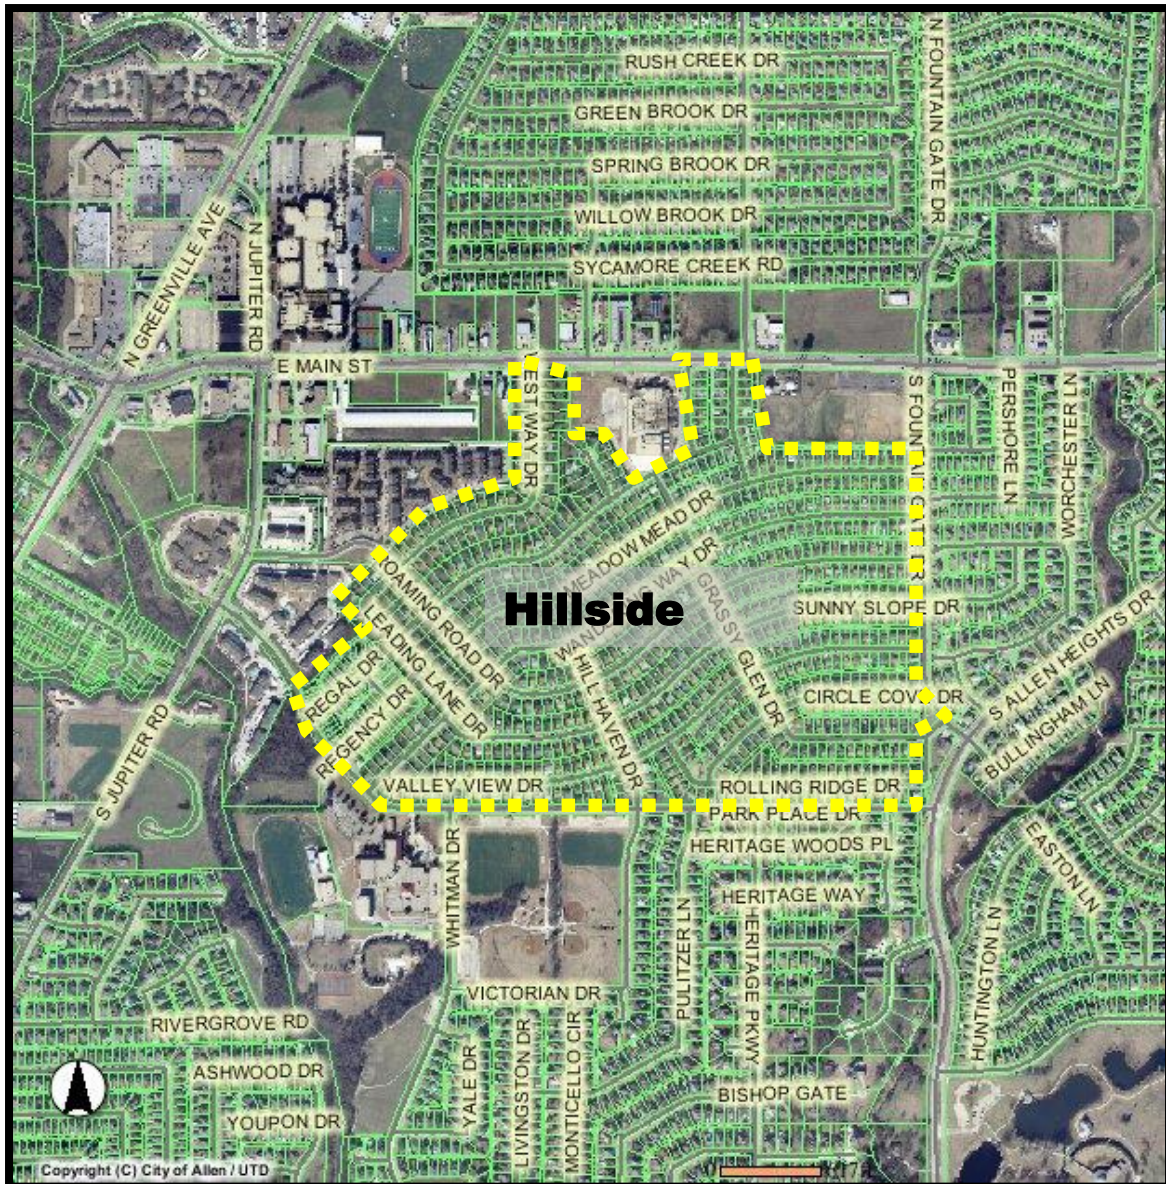

CDBG funds must be utilized for persons and activities located within the city limits of Allen. The CDBG Target Areas were identified by a Neighborhood Task Force as areas in need of public assistance and areas where most low to moderate-income residents live. The Target Areas consist of neighborhoods within census tracts that have 18.5 % or more of persons with incomes below 80% of the median income for the Dallas PMSA as calculated by HUD. Public service programs are targeted directly to persons whose household income falls below 80% of the median income and their residence lies within the city limits of Allen. All of the CDBG funds will be used for activities that benefit low to moderate income residents. The data does not reflect significant minority concentrations in the community.

Geographic distribution of resources is as follows:

### **Affordable Housing - 91.220(g)**

The table below (HUD Table 3B) shows the one-year goals for number of households to be provided affordable housing through all programs.

### **Public Housing – 91.220(h)**

The City of Allen does not have a Public Housing Authority. Although the Plano Housing Authority and McKinney Housing Authority do on occasion coordinate assistance for residents in Allen, they do not actively promote housing assistance programs in the community. The City will continue to coordinate activities with them.

### **Homeless and Other Special Needs Activities - 91.220(i)**

The City is not a direct recipient of ESG, HOPWA or other similar funds. However, the City will consider providing assistance to social service organizations that provide assistance to the homeless and other special needs populations. Funds may be awarded to one or more social service organizations that provide services to low to moderate-income Allen citizens for expanded or new services/programs. The City of Allen continues to be a participant in the Collin County Plan to End Chronic Homelessness.

### **Barriers to Affordable Housing - 91.215(j)**

The major barrier to affordable housing is a limited supply of affordable housing and limited housing choice. Few low cost homes are for sale in Allen. What homes are available at lower prices are typically in poor condition or sell very quickly, pointing to a possible demand for that priced housing.

Land and development costs also discourage the construction of new lower priced homes. The current housing market, combined with City land use regulations and impact fees for residential development, make new affordable housing difficult. This contributes to a lack of interest by most developers and builders to construct lower priced housing. Additionally, no new multi-family dwellings are being developed that would be considered affordably priced housing for low income residents.

### **Other Actions – 91.220(k)**

A description of actions the City plans to undertake during the next year will consist of the following:

**Obstacles to meeting underserved needs**-The City plans to provide funding for public service organizations in an effort to provide more assistance for needy families.

**Foster and maintain affordable housing**-The City plans to continue to enforce property maintenance and building codes in low to moderate-income areas in an effort to reduce housing costs in these areas. The City will continue to provide assistance to low to moderate-income persons for rehabilitation of existing homes.

**Evaluate and reduce lead-based hazards**-The City plans to identify hazards associated with CDBG projects and make recommendations as to their resolution.

**Reduce the number of poverty level families**-The City of Allen will use Community Development Block Grant funds to assist public service programs in meeting these goals. The City will provide assistance to public service agencies for low to moderate-income, homeless and special needs populations.

The above programs will work in conjunction with the City's policies of improving the living environment for low to moderate-income persons and encouraging the private development of affordable housing. Through this coordinated effort, low to moderate-income persons will have more opportunities for gainful employment and affordable housing.

**Develop institutional structure**- Federal and state agencies along with financial institutions, realtors, and credit counseling agencies will provide the information for Housing Educational Program. Public service agencies will receive funds to provide services. The institutional structure of public, non-profit, and private organizations generally function well in meeting the needs of families and individuals in the community. The lack of funding for serving those in need is the only identified gap in the institutional structure. The City will schedule meetings with the service providers on an as-needed basis to coordinate activities of the Community Development Block Grant Program.

### **Monitoring – 91.230**

All programs and projects will be monitored by the CDBG Planner to ensure compliance with CDBG rules and regulations. The City will also monitor the performance of all programs to ensure that the activities are being performed and goals are being met, and all requirements of the programs are being fulfilled according to regulations and the goals and objectives stated in the Consolidated Plan. Accomplishments will be entered in IDIS on a quarterly basis and progress reviewed by staff. Any lapses in performance or timeliness will be identified and staff will work with the subrecipient to take the necessary corrective action.

The City will monitor the performance of all CDBG recipients and all entities receiving funds from the City by reviewing program agreements and requirements with grant recipients prior to project start, monitoring project through project completion, and obtaining required paperwork prior to

paying out full grant funds. All public service programs funded with CDBG funds will be required to submit quarterly reports regarding the accomplishments made in relation to their request for reimbursement of expenditures. The City will conduct an annual site visit to public service agencies receiving funds to review accomplishments, program requirements and ensure compliance. The monitoring process consist of scheduling the visit, an entrance conference with agency staff, review documents and eligibility requirements, an exit conference, and written follow up with correction if necessary. All programs providing housing assistance include mandatory inspections to ensure compliance with minimum housing standards and lead-based hazard requirements.

The City audits the expenditure of CDBG grant funds as part of its annual auditing process. The audit is done by an outside accounting firm and includes the auditing of third party public service programs.
