Dear Mayor Terrell:

My term on the NTMWD Board of Directors expires May 31, 2018. My service on the NTMWD Board is challenging, enjoyable, and I trust meaningful to Citizens of Allen and other communities. As a member of the Board, I have served on several committees and held several officer positions. Currently, I am serving as Chair of the Solid Waste Committee and am on the Insurance, Legislative and Policy Committees.. Also, I am on the John Bunker Sands Wetland Center Board.

Please accept this communiqué as my statement of interest and request to continue service on the Board. I will be happy to respond to any questions or concerns you or the Allen Council might have regarding this matter. In addition, my periodic meetings with Mr. Vargas and staff members regarding NTMWD and City of Allen matters are informative and meaningful.

Thank you for your consideration.

Sincerely,

Joe Farmer
