**NOTE: Please be advised that the property values appearing on the 'Under ARB Review Totals' page in your certified totals packet reflect the current 2018 Market and Taxable Values for the properties Under ARB Review without any Section 26.01(c) adjustments. In order to arrive at the taxable value to use for the effective tax rate calculations for your entity, you will need to use the taxable value from the 'ARB Approved Totals' page, along with the 'Total Value Used' that appears in the Lower Value Used section on the Effective Rate Assumption page. The Total Value Used on the Effective Rate Assumption page is the assessed value Under ARB Review that has been calculated in accordance with Property Tax Code, Section 26.01(c). The 'Grand Totals' page is the combined 'ARB Approved Totals' plus the 'Under ARB Review Totals' – which have not been adjusted. (The formula for calculating the total taxable remaining under protest is as follows: Taxable Value from "ARB Approved Totals" plus Total Value Used from the "Effective Rate Assumptions" Lower Value Used section minus Total Exemptions amount from the "Under ARB Review Totals".)*
