## DP E-BILL - ELECTRONIC DELIVERY:

### PRODUCT OVERVIEW:

DataProse provides several different electronic delivery products. This document describes the DataProse email delivery. This document does not include any Electronic Bill Presentment/Payment (EBPP) functionality. The email itself is delivered in html format and can be customized to include graphical content and variable data. This core product is intended to be one email template per application, but multiple templates may be set up at the fee structure defined below. There is a robust reporting module in support of all documents delivered electronically. This reporting includes information such as, when the documents are delivered, which email messages were returned as undeliverable, which email documents were opened, and more.

### PRODUCT FEATURES:

DP-eBill – Email delivery with a link back to the original bill-payer invoice. This link and the source document are stored by DataProse and is made available seamlessly to the bill-payer.

### PRODUCT IMPLEMENTATION TIMING:

Standard implementation time for one email template into our normal process is 2-3 weeks. Each additional email template can be added in the same 2-3-week time frame.

### PRODUCT PRICING:

Description Frequency	Fee	Frequency
Implementation (includes one email template) and Initial Setup	Waived	One Time
Annual License/Subscription Fee	Waived	Annually
Additional Email Template Setup	\$300.00	Per Email Template
Standard Email Transaction	\$0.07	Per Email
