Subject: Allen Board of Adjustments, Sign Control Board, and Building and Standards Commission

Hello all,

As some of you may know, I have been planning to move to Fort Worth. The move has occurred so I will no longer be able to be a member on the Board. I have certainly enjoyed the many years as a member and hope to be able to utilize my experience gained serving other cities. I've enjoyed getting to meet and work with such a rich group of diverse people. I wish the Board nothing but happiness and success in the future. Again, thank you for letting me serve with such a great group of people.

Warmest Regards,

Ken.
